### **Timothy S. Pospisil**

Director of Corporate Security and Chief Security Officer (CSO)  
Nebraska Public Power District

Tim graduated from the University of Nebraska, Lincoln in 1989 with a bachelor's degree in Electrical Engineering. He joined Nebraska Public Power District in 1999 at Cooper Nuclear Station in Brownville, NE as a Procurement and Environmental Qualification engineer after working for 10 years for Motorola Semiconductor. In 2005, he transferred to the Corporate Office as an SAP IT Business Analyst. Prior to his current assignment, he was an IT Consultant on NPPD's NERC CIP implementation projects and held the position of the District's IT Security Supervisor for three years. Mr. Pospisil is currently responsible all aspects of Physical and Cyber Security, as well as NERC CIP Operations for the District. He has been part of NPPD's compliance efforts for the North American Electric Reliability Corporation (NERC) Critical Infrastructure Protection Standards (CIP) for more than six years, and currently serves as NPPD's NERC CIP Senior Manager. He is active in many groups, including the Large Public Power Council (LPPC) Cyber Security Task Force, the North American Transmission Forum Security Practices Group, is the current chair of the Cyber Mutual Assistance (CMA) Executive Oversight Team, and other state and local security groups. He holds certifications from ISACA as a Certified Information Security Manager (CISM); SANS – GIAC Security Leadership Certification (GSLC); and CompTIA – Security +. Tim and his wife Kathy have two grown children and reside in Columbus.
